Commissioner for Patents

This letter is sent in response to a notice by an appeal specialist who noted that there is no record of the documents listed in the IDS submitted on 9/30/04 as having been considered. With regards to the particular IDS, the examiner has crossed out document 4419805A as not having been considered because it does not comply with 37 CFR 1.98(3). The document is in German and neither a translation of the document was provided nor was there a statement of relevance provided. Because the examiner cannot understand German, it is impossible for him to consider the document. No response by appellant is necessary with regards to this mailing.
